This paragraph shall not apply to the sale of feed for poultry or animals to be used for hauling, transportation, or sports purposes;

§237-8.5 County general excise and use tax surcharge; administration. (a) The county general excise and use tax surcharge, upon the adoption of county ordinances under section 46-16.7, shall be levied, assessed, and collected as provided in this section on all gross proceeds and gross income taxable under this chapter at the four per cent tax rate in such manner that the combined state general excise tax and the county general excise and use tax surcharge tax shall be four and one-half percent in those counties adopting the surcharge. All provisions of this chapter shall apply to the county general excise and use tax surcharge; and with respect to the surcharge, the director shall have all the rights and powers provided under this chapter. In addition, the director of taxation shall have the exclusive rights and power to determine the county or counties in which a person is engaged in business and, in the case of a person engaged in business in more than one county, the director shall determine through apportionment or other means, that portion of the general excise and use tax surcharge attributable to business conducted in each county.

(b) Each county general excise and use tax surcharge adopted pursuant to section 46-16.7(a) shall be levied as of January 1, 1993, and shall continue for a period of ten years through December 31, 2002, or until earlier repealed.

(c) The county general excise and use tax surcharge shall be imposed on the gross proceeds or gross income of all written contracts that require the passing on of the taxes imposed under this chapter; provided that if the gross proceeds or gross income are received as payments after December 31, 1992, on contracts entered into before June 19, 1990, and the written contracts do not provide for the passing on of increased rates of taxes, the county general excise and use tax surcharge shall not be imposed on the gross proceeds or gross income covered under the written contracts. The county general excise and use tax surcharge shall be imposed on the gross proceeds or gross income from all contracts entered into on or after June 19, 1990, whether or not the contract allows for the passing on of any tax or any tax increases.

(d) No county general excise and use tax surcharge shall be established on any:

- (1) Gross income or gross proceeds taxable under this chapter at the one-half per cent tax rate;
- (2) Gross income or gross proceeds taxable under this chapter at the 0.15 per cent tax rate; or
- (3) Transactions, amounts, persons, gross income, or gross proceeds exempt from tax under this chapter.

(e) The director of taxation shall revise the general excise tax forms to provide for the clear and separate designation of the imposition and payment of the county general excise and use tax surcharge.

The taxpayer shall designate the taxation district to which the county general excise and use tax surcharge is assigned in accordance with rules adopted by the director of taxation under chapter 91. The taxpayer shall file a schedule with the taxpayer's periodic and annual general excise and use tax returns summarizing the amount of taxes assigned to each taxation district.

The penalties provided by section 231-39 for failure to file a tax return shall be imposed on the amount of surcharge due on the return being filed for the failure to file the schedule required to accompany the return. In addition, there shall be added to the tax an amount equal to ten per cent of the amount of the surcharge and tax due on the return being filed for the failure to file the schedule or the failure to correctly report the assignment of the general excise tax by taxation district on the schedule required under this subsection.

(f) All taxpayers who file on a fiscal year basis whose fiscal year ends after December 31, 1992, or after December 31, 2002, shall file a short period annual return for the period preceding January 1, 1993, or preceding January 1, 2003. Each fiscal year taxpayer shall also file a short period annual return for the period starting after December 31, 1992, and ending before January 1, 1994, and for the period starting after December 31, 2002, and ending before January 1, 2004.

All monthly, annual, and amended returns due under this chapter for any period preceding January 1, 2003, which are submitted to the department after December 31, 2002, shall include in payments submitted with the return any county general excise and use tax surcharge that may be due for the period preceding January 1, 2003. LICENSES; TAX; EXEMPTIONS

§237-9 Licenses; penalty. (a) Any person who shall have a gross income or gross proceeds of sales or value of products upon which a privilege tax is imposed by this chapter, as a condition precedent to engaging or continuing in such business, shall in writing apply for and obtain from the department of taxation, upon a one-time payment of the sum of \$20, a license to engage in and to conduct such business, upon condition that the person shall pay the taxes accruing to the State under this chapter, and the person shall thereby be duly licensed to engage in and conduct the business. Any person licensed or holding a license under this chapter before January 1, 1990, shall pay a one-time license renewal fee of \$20 on or before January 31, 1990, as a condition precedent to engaging or continuing in business. The license shall not be transferable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. The license may be inspected and examined, and shall at all times be conspicuously displayed at the place for which it is issued.

(b) Licenses and applications therefor shall be in such form as the department shall prescribe, except that where the licensee is engaged in two or more forms of business of different classification, the license shall so state on its face. The license provided for by this section shall be effective until canceled in writing. Any application for the reissuance of a previously canceled license identification number after December 31, 1989, shall be regarded as a new license application and subject to the payment of the one-time license fee of \$20. The director may revoke or cancel any license issued under this chapter for cause as provided by rules adopted pursuant to chapter 91.

(c) If the license fee is paid, the department shall not refuse to issue a license or revoke or cancel a license for the exercise of a privilege protected by the First Amendment of the Constitution of the United States, or for the carrying on of interstate or foreign commerce, or for any privilege the exercise of which, under the Constitution and laws of the United States, cannot be restrained on account of nonpayment of taxes, nor shall section 237-46 be invoked to restrain the exercise of such a privilege, or the carrying on of such commerce. §237-13 Imposition of tax. There is hereby levied and shall be assessed and collected annually privilege taxes against persons on account of their business and other activities in the State measured by the application of rates against values of products, gross proceeds of sales, or gross income, whichever is specified, as follows:

(1) Tax on manufacturers.

- (A) Upon every person engaging or continuing within the State in the business of manufacturing, including compounding, canning, preserving, packing, printing, publishing, milling, processing, refining, or preparing for sale, profit, or commercial use, either directly or through the activity of others, in whole or in part, any article or articles, substance or substances, commodity or commodities, the amount of the tax to be equal to the value of the articles, substances, or commodities, manufactured, compounded, canned, preserved, packed, printed, milled, processed, refined, or prepared, for sale, as shown by the gross proceeds derived from the sale thereof by the manufacturer or person compounding, preparing, or printing them, multiplied by one-half of one per cent.
- (B) The measure of the tax on manufacturers is the value of the entire product for sale, regardless of the place of sale or the fact that deliveries may be made to points outside the State.
- (C) If any person liable for the tax on manufacturers ships or transports the person's product, or any part thereof, out of the State, whether in a finished or unfinished condition, or sells the same for delivery outside of the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), the value of the products in the condition or form in which they exist immediately before entering interstate or foreign commerce, determined as hereinafter provided, shall be the basis for the assessment of the tax imposed by this paragraph. This tax shall be due and payable as of the date of entry of the products into interstate or foreign commerce, whether the products are then sold or not. The department of taxation shall determine the basis for assessment, as provided by this paragraph, as follows:
 - (i) If the products at the time of their entry into interstate or foreign commerce already have been sold, the gross proceeds of sale, less the transportation expenses, if any, incurred in realizing the gross proceeds for transportation from the time of entry of the products into interstate or foreign commerce, including insurance and storage in transit, shall be the measure of the value of the products.
 - (ii) If the products have not been sold at the time of their entry into interstate or foreign commerce, and in cases governed by clause (i) in which the products are sold under circumstances such that the gross proceeds of sale are not indicative of the true value of the products, the value of the products constituting the basis for assessment shall correspond as nearly as possible to the gross proceeds of sales for delivery outside the State, adjusted as provided in clause (i), or if sufficient data are not available, sales in the State, of similar products of like quality and character and in similar quantities, made by the taxpayer (unless not indicative of the true value) or by others. Sales outside the State, adjusted as provided in clause (i), may be considered when they constitute the best available data. The department shall prescribe uniform and equitable rules for ascertaining such values.
 - (iii) At the election of the taxpayer and with the approval of the department, the taxpayer may make the taxpayer's returns under clause (i) even though the products have not been sold at the time of their entry into interstate or foreign commerce.
 - (iv) In all cases in which products leave the State in an unfinished condition, the basis for assessment shall be adjusted so as to deduct such portion of the value as is attributable to the finishing of the goods outside the State.

(2) Tax on business of selling tangible personal property; producing.

- (A) Upon every person engaging or continuing in the business of selling any tangible personal property whatsoever (not including, however, bonds or other evidence of indebtedness, or stocks), there is likewise hereby levied, and shall be assessed and collected, a tax equivalent to four per cent of the gross proceeds of sales of the business; provided that insofar as certain retailing is taxed by section 237-16, the tax shall be that levied by section 237-16, and in the case of a wholesaler, the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business. Upon every person engaging or continuing within this State in the business of a producer, the tax shall be equal to one-half of one per cent of the gross proceeds of sales of the business, or the value of the products, for sale, if sold for delivery outside the State or shipped or transported out of the State, and the value of the products shall be determined in the same manner as the value of manufactured products covered in the cases under paragraph (1)(C).
- (B) Gross proceeds of sales of tangible property in interstate and foreign commerce shall constitute a part of the measure of the tax imposed on persons in the business of selling tangible personal property, to the extent, under the conditions, and in accordance with the provisions of the Constitution of the United States and the Acts of the Congress of the United States which may be now in force or may

be hereafter adopted, and whenever there occurs in the State an activity to which, under the Constitution and Acts of Congress, there may be attributed gross proceeds of sales, such gross proceeds shall be so attributed.

- (C) No manufacturer or producer, engaged in such business in the State and selling the manufacturer's or producer's products for delivery outside of the State (for example, consigned to a mainland purchaser via common carrier f.o.b. Honolulu), shall be required to pay the tax imposed in this chapter for the privilege of so selling the products, and the value or gross proceeds of sales of the products shall be included only in determining the measure of the tax imposed upon the manufacturer or producer as such.
 - (D) When a manufacturer or producer, engaged in such business in the State, also is engaged in selling the manufacturer's or producer's products in the State at wholesale, retail, or in any other manner, the tax for the privilege of engaging in the business of selling the products in the State shall apply to the manufacturer or producer as well as the tax for the privilege of manufacturing or producing in the State, and the manufacturer or producer shall make the returns of the gross proceeds of the wholesale, retail, or other sales required for the privilege of selling in the State, as well as making the returns of the value or gross proceeds of sales of the products required for the privilege of manufacturing or producing in the State. The manufacturer or producer shall pay the tax imposed in this chapter for the privilege of selling its products in the State, and the value or gross proceeds of sales of the products, thus subjected to tax, may be deducted insofar as duplicated as to the same products by the measure of the tax upon the manufacturer or producer for the privilege of manufacturing or producing in the State; except that no producer of agricultural products who sells the products to a purchaser who will process the products outside the State shall be required to pay the tax imposed in this chapter for the privilege of producing or selling those products.
 - (E) A taxpayer selling to a federal cost-plus contractor may make the election provided for by paragraph (3)(C), and in any such case the tax shall be computed pursuant to the election, notwithstanding this paragraph or paragraph (1) to the contrary.
 - (F) The department, by rule, may provide that a seller may take from the purchaser of tangible personal property a certificate, in such form as the department shall prescribe, certifying that the sale is a sale at wholesale. If the certificate is so provided for by rule of the department:
 - (i) Any purchaser who furnishes such a certificate shall be obligated to pay to the seller, upon demand, if the sale in fact is not at wholesale, the amount of the additional tax which by reason thereof is imposed upon the seller; and
 - (ii) The absence of such a certificate, unless the sales of the business are exclusively at wholesale, in itself shall give rise to the presumption that the sale is not at wholesale.
- (3) Tax upon contractors.
- (A) Upon every person engaging or continuing within the State in the business of contracting, the tax shall be equal to four per cent of the gross income of the business; provided that insofar as the business of contracting is taxed by section 237-16, which relates to certain retailing, the tax shall be that levied by section 237-16.
 - (B) In computing the tax levied under this paragraph or section 237-16, there shall be deducted from the gross income of the taxpayer so much thereof as has been included in the measure of the tax levied under subparagraph (A) or section 237-16, on:
 - (i) Another taxpayer who is a contractor, as defined in section 237-6;
 - (ii) A specialty contractor, duly licensed by the department of commerce and consumer affairs pursuant to section 444-9, in respect of the specialty contractor's business as such; or
 - (iii) A specialty contractor who is not licensed by the department of commerce and consumer affairs pursuant to section 444-9, but who performs contracting activities on federal military installations and nowhere else in this State, if the tax on the amount so deducted has been paid by the other person, or has been withheld by the taxpayer and shall be paid over by the taxpayer to the assessor at the time of filing the return, such withholding being authorized by this paragraph; but any person claiming a deduction under this paragraph shall be required to show in the person's return the name of the person paying the tax on the amount deducted by the person or from whom the tax was withheld, and shall issue a receipt for any amount of tax withheld, which upon filing by the other taxpayer with the taxpayer's return, shall relieve the other taxpayer of liability for the amount of tax withheld.
 - (C) In computing the tax levied under this paragraph against any federal cost-plus contractor, there shall be excluded from the gross income of the contractor so much thereof as fulfills the following requirements:

- (i) The gross income exempted shall constitute reimbursement of costs incurred for materials, plant, or equipment purchased from a taxpayer licensed under this chapter, not exceeding the gross proceeds of sale of the taxpayer on account of the transaction.
 - (ii) The taxpayer making the sale shall have certified to the department that the taxpayer is taxable with respect to the gross proceeds of the sale, and that the taxpayer elects to have the tax on such gross income computed the same as upon a sale to the state government.
- (D) A person who, as a business or as a part of a business in which the person is engaged, erects, constructs, or improves any building or structure, of any kind or description, or makes, constructs, or improves any road, street, sidewalk, sewer, or water system, or other improvements on land held by the person (whether held as a leasehold, fee simple, or otherwise), upon the sale or other disposition of the land or improvements, even if the work was not done pursuant to a contract, shall be liable to the same tax as if engaged in the business of contracting, unless the person shows that at the time the person was engaged in making the improvements it was, and for the period of at least one year after completion of the building, structure, or other improvements, it continued to be the person's purpose to hold and not sell or otherwise dispose of the land or improvements. The tax in respect of the improvements shall be measured by the amount of the proceeds of the sale or other disposition that is attributable to the erection, construction, or improvement of such building or structure, or the making, constructing, or improving of the road, street, sidewalk, sewer, or water system, or other improvements. The measure of tax in respect of the improvements shall not exceed the amount which would have been taxable had the work been performed by another, subject as in other cases to the deductions allowed by subparagraph (B). Upon the election of the taxpayer, this paragraph may be applied notwithstanding the improvements were not made by the taxpayer, or were not made as a business or as a part of a business, or were made with the intention of holding the same. However, this paragraph shall not apply in respect of any proceeds that constitute or are in the nature of rent; all such gross income shall be taxable under paragraph (10).
- (4) Tax upon theaters, amusements, radio broadcasting stations, etc. Upon every person engaging or continuing within the State in the business of operating a theater, opera house, moving picture show, vaudeville, amusement park, dance hall, skating rink, radio broadcasting station, or any other place at which amusements are offered to the public, the tax shall be equal to four per cent of the gross income of the business.
- (5) Tax upon sales representatives, etc. Upon every person classified as a representative or purchasing agent under section 237-1, engaging or continuing within the State in the business of performing services for another, other than as an employee, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the commissions and other compensation attributable to the services so rendered by the person.
- (6) Tax on service business. Upon every person engaging or continuing within the State in any service business or calling not otherwise specifically taxed under this chapter, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the gross income of any such business; provided that where any person engaging or continuing within the State in any service business or calling renders such services upon the order of or at the request of another taxpayer who is engaged in the service business and who, in fact, acts as or acts in the nature of an intermediary between the person rendering such services and the ultimate recipient of the benefits of such services, so much of the gross income as is received by the person rendering the services shall be subjected to the tax at the rate of one-half of one per cent and all of the gross income received by the intermediary from the principal shall be subjected to a tax at the rate of four per cent; and provided that where any person is engaged in the business of selling interstate or foreign common carrier telecommunication services within and without the State, the tax shall be imposed on that portion of gross income received by any such person from service which is originated or terminated in this State and is charged to a telephone number, customer, or account in this State notwithstanding any other state law (except for the exemption under section 237-23(a)(1)) to the contrary. If, under the Constitution and laws of the United States, the entire gross income as determined under this paragraph of a business selling interstate or foreign common carrier telecommunication services cannot be included in the measure of the tax, such gross income shall be apportioned as provided in section 237-21; provided that the apportionment factor and formula shall be the same for all persons providing such services in the State.
- (7) Tax on insurance solicitors and agents. Upon every person engaged as a licensed solicitor, general agent, or subagent pursuant to chapter 431, there is hereby levied and shall be assessed and collected a tax equal to .15 per cent of the commissions due to such activity.
- (8) Professions. Upon every person engaging or continuing within the State in the practice of a profession, including those expounding the religious doctrines of any church, there is likewise hereby levied and shall be assessed and collected a tax equal to four per cent of the gross income on the practice or exposition.

- (9) Tax on receipts of sugar benefit payments. Upon the amounts received from the United States government by any producer of sugar (or the producer's legal representative or heirs), as defined under and by virtue of the Sugar Act of 1948, as amended, or other Acts of the Congress of the United States relating thereto, there is hereby levied a tax of one-half of one per cent of the gross amount received, provided that the tax levied hereunder on any amount so received and actually disbursed to another by such producer in the form of a benefit payment shall be paid by the person or persons to whom such amount is actually disbursed, and the producer actually making any such benefit payment to another shall be entitled to claim on the producer's return a deduction from the gross amount taxable hereunder in the sum of the amount so disbursed. The amounts taxed under this paragraph shall not be taxable under any other paragraph, subsection, or section of this chapter.
- (10) Tax on other business. Upon every person engaging or continuing within the State in any business, trade, activity, occupation, or calling not included in the preceding paragraphs or any other provisions of this chapter, there is likewise hereby levied and shall be assessed and collected, a tax equal to four per cent of the gross income thereof. In addition, the rate prescribed by this paragraph shall apply to a business taxable under one or more of the preceding paragraphs or other provisions of this chapter, as to any gross income thereof not taxed thereunder as gross income or gross proceeds of sales or by taxing an equivalent value of products, unless specifically exempted. §237-19 Consideration paid not indicative of true value. Where delivery of any products is made by a taxpayer, taxable under this chapter, to other affiliated companies or persons, or under other circumstances where the relation between the manufacturer or producer and the receiver of the products is such that the consideration paid, if any, is not indicative of the true value of the products delivered, the taxpayer shall pay the tax imposed by this chapter for the privilege of engaging in the business of producing or manufacturing the products so delivered, measured by the value, corresponding as nearly as possible to the gross proceeds of sale of similar products, of like quality and character, by other persons, where no common interest exists between the buyer and seller but the circumstances and conditions are otherwise similar. §237-20 Principles applicable in certain situations. A person or company having shareholders or members (a corporation, association, group, trust, partnership, joint adventure, or other person) is taxable upon its business with them, and they are taxable upon their business with it. A person or company, whether or not called a cooperative, through which shareholders or members are pursuing a common objective (for example, the obtaining of property or services for their individual businesses or use, or the marketing of their individual products) is a taxable person, and such facts do not give rise to any tax exemption or tax benefit except as specifically provided. Even though a business has some of the aspects of agency it shall not be so regarded unless it is a true agency. The reimbursement of costs or advances made for or on behalf of one person by another shall not constitute gross income of the latter, unless the person receiving such reimbursement also receives additional monetary consideration for making such costs or advances. RETURNS AND PAYMENTS

§237-30 Monthly, quarterly, or semiannual return, computation of tax, payment. (a) The taxes levied hereunder shall be payable in monthly installments on or before the last day of the calendar month following the month in which they accrue. The taxpayer shall, on or before the last day of the calendar month following the month in which the taxes accrue, make out and sign a return of the installment of tax for which the taxpayer is liable for the preceding month and transmit the same, together with a remittance, in the form required by section 237-31, for the amount of the tax, to the office of the department of taxation in the appropriate district hereinafter designated.

(b) Notwithstanding subsection (a), the director of taxation, for good cause, may permit a taxpayer to file the taxpayer's return required under this section and make payments thereon:

- (1) On a quarterly basis during the calendar or fiscal year, the return and payment to be made on or before the last day of the calendar month after the close of each quarter, to wit: for calendar year taxpayers, on or before April 30, July 31, October 31, and January 31 or, for fiscal year taxpayers, on or before the last day of the fourth month, seventh month, and tenth month following the beginning of the fiscal year and on or before the last day of the month following the close of the fiscal year; provided that the director is satisfied that the grant of the permit will not unduly jeopardize the collection of the taxes due thereon and the taxpayer's total tax liability for the calendar or fiscal year under this chapter will not exceed \$2,000; or
- (2) On a semiannual basis during the calendar or fiscal year, the return and payment to be made on or before the last day of the calendar month after the close of each six-month period, to wit: for calendar year taxpayers, on July 31 and January 31 or, for fiscal year taxpayers, on or before the last day of the seventh month following the beginning of the fiscal year and on or before the last day of the month following the

close of the fiscal year; provided that the director is satisfied that the grant of the permit will not unduly jeopardize the collection of the taxes due thereon and the taxpayer's total tax liability for the calendar or fiscal year under this chapter will not exceed \$1,000.

The director, for good cause, may permit a taxpayer to make monthly payments based on the taxpayer's estimated quarterly or semiannual liability, provided the taxpayer files a reconciliation return at the end of each quarter or at the end of each six-month period during the calendar or fiscal year, as provided in this section.

(c) If a taxpayer filing the taxpayer's return on a quarterly or semiannual basis, as provided in this section, becomes delinquent in either the filing of the taxpayer's return or the payment of the taxes due thereon, or if the liability of a taxpayer, who possesses a permit to file the taxpayer's return and to make payments on a semiannual basis exceeds \$1,000 in general excise taxes during the calendar year or exceeds \$2,000 in general excise taxes during the calendar year if making payments on a quarterly basis, or if the director determines that any such quarterly or semiannual filing of return would unduly jeopardize the proper administration of this chapter, including the assessment or collection of the general excise tax, the director may, at any time, revoke a taxpayer's permit, in which case the taxpayer will then be required to file the taxpayer's return and make payments thereon as herein provided in subsection(a).

(d) The director may adopt and promulgate rules and regulations to carry out the purposes of this section.

ASSESSMENTS, REFUNDS, AND RECORDS

§237-36 Erroneous returns, disallowance of exemption, payment. If any return made is erroneous, or is so deficient as not to disclose the full tax liability, or if the taxpayer, in the taxpayer's return, shall disclaim liability for the tax on any gross income or gross proceeds of sales liable to the tax, or if the taxpayer shall make application under section 237-23 for an exemption to which the taxpayer is not entitled, the department of taxation shall correct the error or assess the proper amount of taxes. If such recomputation results in an additional tax liability, or if the department proposes to assess any gross income or gross proceeds of sales by reason of the disallowance of an exemption claimed in the return or for which application has been filed, the department shall first give notice to the taxpayer of the proposed assessment, and the taxpayer shall thereupon have an opportunity within thirty days to confer with the department. After the expiration of thirty days from the notification the department shall assess the gross income or gross proceeds of sales of the taxpayer or any portion thereof which the department believes has not theretofore been assessed, and shall give notice to the taxpayer of the amount of the tax, and the amount thereof shall be paid within twenty days after the date the notice was mailed, properly addressed to the taxpayer at the taxpayer's last known address or place of business.

No preliminary notice shall be necessary where the amount of the tax is calculated by the department from gross income returned by the taxpayer as subject to the tax (unless the taxpayer shall have claimed that the applicable rate of tax is lower than the rate of tax applied by the department); in such case the tax shall be due and payable on the tenth day after the date the statement was mailed. In a case of disallowance of an exemption for which application was made under section 237-23 the department, before making an assessment, may require the applicant, by demand made upon the applicant by mail or delivery thereof to the address shown in the application, to file information returns as to the applicant's gross income or gross proceeds of sales within such reasonable time as the department may allow, and in the event of failure, neglect, or refusal to comply with the demand, the department shall make an assessment under section 237-38, in lieu of this section. If the amount already paid exceeds that which should have been paid on the basis of the tax recomputed as provided in section 237-36, the excess so paid shall be immediately refunded to the taxpayer in the manner provided in section 231-23(d). The taxpayer may, at the taxpayer's election, apply an overpayment credit to taxes subsequently accruing hereunder. All refunds and the details thereof, including the names of the persons receiving the refund and the amount refunded shall be accessible for the inspection of the public in the office of the department of taxation in the taxation district in which the person receiving the refund made the person's returns.

No recourse may be had except under section 40-35 or by appeal for refunds of taxes paid pursuant to an assessment by the director of taxation, provided that if the assessment by the director shall contain clerical errors, transposition of

figures, typographical errors, and errors in calculation or if there shall be an illegal or erroneous assessment, the usual refunds procedures shall apply. No refund or overpayment credit may be had under this section in any event unless the original payment of the tax was due to the law having been interpreted or applied in respect of the taxpayer concerned differently than in respect of taxpayers generally. As to all tax payment for which a refund or credit is not authorized by this section (including without prejudice to the generality of the foregoing cases of unconstitutionality) the remedies provided by appeal or under section 40-35 are exclusive. §237-38 Failure to make return. If any person fails, neglects, or refuses to make a return, the department of taxation may proceed as it deems best to obtain information on which to base the assessment of the tax. After procuring the information the department shall proceed to assess the tax as provided in section 237-36. The assessment shall be presumed to be correct until and unless, upon an appeal duly taken as provided in this chapter, the contrary shall be clearly proved by the person assessed, and the burden of proof upon such appeal shall be upon the person assessed to disprove the correctness of the assessment. §237-39 Audits; procedure, penalties. For the purpose of verification or audit of a return made by the taxpayer, or where there is reasonable ground to believe that any return made is so deficient as not to form the basis of a satisfactory assessment of the tax, or for the purpose of making an assessment where no return has been made, the department of taxation or the Multistate Tax Commission pursuant to chapter 255 or the authorized representative thereof may examine all account books, bank books, bank statements, records, vouchers, taxpayer's copies of federal tax returns, and any and all other documents and evidences having any relevancy to the determination of the gross income or gross proceeds of sales of any taxpayer as required to be returned under this chapter and may summon or require the attendance of the person by or for whom the return, if any, has been made or whose tax is being assessed, and any employee of the person, and may summon or require the attendance of any person having knowledge in the premises, naming the time and place in the summons, and may require the production of any books, statements, or other evidences open to his examination, and may take testimony in reference to any such matter relevant to the gross income or gross proceeds of sales of the taxpayer for the period under consideration, with power to require that the person so called and appearing shall be interrogated under oath and to administer the oath.

If the department determines that any gross income or gross proceeds of sales liable to the tax have not been assessed the department may assess the same as provided in sections 237-36 and 237-38.

Any individual knowingly giving false testimony under oath at any such hearing before the department shall be guilty of perjury and shall be punished as provided by law.

Any person refusing or neglecting to obey any summons issued by the department, and any individual appearing and refusing to testify under oath, shall be fined \$50 for the first offense and \$100 for each succeeding offense. §237-40 Limitation period. (a) General rule. The amount of excise taxes imposed by this chapter shall be assessed or levied within three years after the annual return was filed, or within three years of the due date prescribed for the filing of said return, whichever is later, and no proceeding in court without assessment for the collection of any such taxes shall be begun after the expiration of the period.

(b) Exceptions. In the case of a false or fraudulent return with intent to evade tax, or of a failure to file the annual return, the tax may be assessed or levied at any time; however, in the case of a return claimed to be false or fraudulent with intent to evade tax, the determination as to the claim shall first be made by a judge of the circuit court as provided in section 235-111(c) which shall apply to the tax imposed by this chapter.

(c) Extension by agreement. Where, before the expiration of the period prescribed in subsection (a) or (d), both the department of taxation and the taxpayer have consented in writing to the assessment or levy of the tax after the date fixed by subsection (a) or the credit or refund of the tax after the date fixed by subsection (d), the tax may be assessed or levied or the overpayment, if any, may be credited or refunded at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(d) Refunds. No credit or refund shall be allowed for any tax imposed by this chapter, unless a claim for such credit or refund shall be filed as follows:

- (1) If an annual return is timely filed, or is filed within three years after the date prescribed for filing the annual return, then the credit or refund shall be claimed within three years after the date the annual return was filed or the date prescribed for filing the annual return, whichever is later.
- (2) If an annual return is not filed, or is filed more than three years after the date prescribed for filing the annual return, a claim for credit or refund shall be filed within:
 - (A) Three years after the payment of the tax; or
 - (B) Three years after the date prescribed for the filing of the annual return, whichever is later.

Paragraphs (1) and (2) are mutually exclusive. The limitation shall not apply to a credit or refund pursuant to an appeal provided for by section 237-42. §237-43 Bulk sales; transfers; penalties. (a) In any case of the sale or transfer in bulk of the whole, or a large part of a stock of merchandise and fixtures, or merchandise, or fixtures, or other assets or property of a business, otherwise than in the ordinary course of trade, business, commerce, or sales, the seller shall make a written and verified report of the bulk sale or transfer to the department not later than ten days after the possession, or the control, or the title of the property, or any part thereof, has passed to the purchaser. The report shall contain the name and address of the purchaser, a brief description of the property sold and the purchase price, the date when the sale or transfer is to be or was consummated, and such other facts as the department may require. The purchaser may make the report for the seller.

(b) The purchaser of the property shall withhold payment of the purchase price until the receipt of a certificate from the department to the effect that all taxes, penalties, and interest levied or accrued under title 14 for taxes administered by the department against the seller, or constituting a lien upon the property, have been paid. A certificate shall not be issued while the department investigates (including by audit) whether taxes have been levied or accrued against the seller. The certificate shall show on its face that the department has had notice of the bulk sale or transfer, and shall also show the names of the seller and purchaser, a brief description of the property sold or transferred, and the date of consummation of the sale or transfer, together with such other information as the department shall prescribe.

(c) If the required report of the bulk sale or transfer is not made, or if the taxes, penalties, and interest shall not be paid within twenty days after the sale or transfer, or within such further time as the department may allow, the purchaser shall be personally liable to pay to the State the amount of all taxes, penalties, and interest levied or accrued under title 14 for taxes administered by the department against the seller or constituting a lien upon the property, together with penalties and interest thereafter accruing, not exceeding, however, the amount of the purchase price. The issuance of a certificate in the prescribed form shall be a complete defense to the bulk sale or transfer liability imposed in the preceding sentence, but shall not be a defense to any liability of the purchaser under any other provision of law for liabilities and

obligations. Any purchaser succeeding to the liabilities of the seller under this section shall make a written report thereof upon the next due date for the reporting of gross income taxes.

(d) For purposes of this section:

"Property" means anything that may be the subject of ownership, including every kind of asset, whether real or personal, tangible or intangible, and without limitation, such as land buildings, goodwill, notes, accounts, and other intangible property. The term "property" shall not include any interest in residential real property.

"Purchaser" means any person who receives property in a bulk sale or transfer, whether or not money or property is exchanged therefore.

"Purchase price" means the total fair market value, as of the date of sale or transfer, of all property transferred, whether or not money or property is exchanged therefore.

"Sale" means the transfer of property for compensation.

"Seller" means any person who sells or transfers any property in a bulk sale or transfer, whether or not money or property is exchanged therefore.

"Transfer" means the sale, conveyance, or distribution by any mode, direct or indirect, absolute or conditional, voluntary or involuntary, of title to or beneficial ownership in property, or interest therein. The term "transfer" does not include a bona fide, arm's length:

- (1) Creation, modification, or termination of a lease interest;
- (2) Creation, modification, or termination of a lien or encumbrance; or
- (3) Transfer occurring as a result of the enforcement of a lien.

(e) Failure to make the report required by this section shall be punishable by a fine of not more than \$100. Any seller who wilfully fails to make the report required by this section shall, in addition to other penalties provided by law, be guilty of a misdemeanor and upon conviction thereof, shall be fined not more than \$5,000 or imprisoned not more than one year, or both.

(f) The purchaser shall have the purchaser's remedy against the seller for the amount of taxes, penalties, or interest paid by the purchaser.

(g) This section supplements and does not displace any remedies available to the department under the Uniform Fraudulent Transfer Act and the principles of law and equity. §237-44 Entertainment business. (a) As used in this section:

- (1) "Admission" means the amount paid for admission to any place, including admission by season ticket or subscription, and also includes the amount paid for seats and tables, reserved or otherwise, and other similar accommodations.
- (2) "Cabaret" means any roof garden, cabaret, or other similar place furnishing a public performance, by or for any patron or guest who is entitled to be present during any portion of the performance, including any room in any hotel, restaurant, hall, or other public place where music and dancing privileges or any other entertainment are afforded the patrons in connection with the serving or selling of food, refreshment, or merchandise.
- (3) "Transient taxpayer" refers to any person subject to the tax imposed by this chapter who has no permanent place of business in the State.

(b) Every person receiving admissions for any circus, carnival, or any other place whatsoever at which a transient taxpayer is engaged in business (whether or not further admissions are charged inside the place, such further admissions, if any, being also subject to this section), shall set aside from the admissions and hold in trust for the State five per cent of the admissions, or such lesser amount as the department of taxation shall approve as sufficient, to guarantee payment of the tax levied by this chapter on the transient taxpayer. The amount so required to be set aside from the admissions shall be deposited with the department promptly upon collection thereof, from time to time, for deposit by it in a special trust fund in the treasury of the State, there to remain until refunded upon voucher of the department, or until applied to the payment of the taxes guaranteed thereby with the consent of the person making the deposit, or until deposited in court pursuant to chapter 655 or the rules of court. The department may bring an action to obtain an adjudication of its right to apply the guarantee fund in payment of taxes and may deposit the fund in court to await the results of the adjudication, or may be sued by an interested person seeking to obtain the adjudication and may be ordered to make such deposit in court, notwithstanding that the department asserts a claim against the fund.

(c) If any person fails to deposit promptly the guarantee fund required by this section, the department may distrain upon the admissions or any bank account or other asset in which the same can be found, for the purpose of obtaining and depositing in the treasury the required guarantee fund.

(d) Whenever a transient taxpayer is engaged in business at anyplace for which admissions are charged, or at any cabaret whether or not admissions are charged, the person engaging the transient taxpayer shall collect from him, by withholding or otherwise, the tax levied by this chapter on the transient taxpayer, shall hold the same in trust for the State, and shall return and pay over the same to the proper collecting officer of the State in the manner and at the time required by this chapter, for the account of the transient taxpayer; in the event of his failure to do so he shall be liable to pay to the State the amount of the tax levied by this chapter on the transient taxpayer, together with penalties and interest as provided by law. The amount of the liability may be collected from the guarantee fund, if any, or may be assessed against and collected from the person so becoming liable in the same manner as if the tax had been levied upon him. After delinquency shall have continued for sixty days, or if any person lawfully required so to do under this chapter shall fail to apply for and secure a license as provided by this chapter for a period of sixty days after the first date when the person was required under this chapter to secure the same, the department may proceed in the circuit court of the judicial circuit in which the privilege taxed or taxable has been exercised, to obtain an injunction restraining the further exercise of the privilege until full payment shall have been made of all taxes and penalties and interest due under this chapter, or until such license is secured, or both, as the circumstances of the case may require.
